DETAILED ACTION

Claim Objections

Claims 2-4, 6-8, 10-12 are objected to because of the following informalities: Claims 2-4, line 1: The phrase "A method according to claim 1" should be amended to "The method of claim 1". The same problem is found in claims 6-8 and 10-12. Appropriate correction is required.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 3 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 3, line 2: The phrase "said conceptual magnification" lacks clear antecedent basis.

Claim Rejections - 35 USC § 101

35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claims 9-12 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter. The "computer program product", as defined in the specification on

page 11, lines 20-24 and page 13, lines 1-15, as including computer program stored in non-tangible transmission carrier. Claims 9-12 thus are non-statutory as not being tangible.

Allowable Subject Matter

Claims 1-12 would be allowable if the above objection and rejection are overcome.
